Note: Wherever necessary, the data have been rounded to the next final digit. Thus, a slight difference may be noted between the sum of the figures and their total.

<sup>(1)</sup> There was not any sampling for this transportation means, since Greece is not connected via railway with any country abroad.

<sup>(2)</sup> From the 1st of July 2013 onwards, after the accession of Croatia to the EU, the data for this country are presented together with the other EU Member States. The corresponding data for the first semester 2013, as well as for the previous years are included under "Other European countries".
